

National Health Reform public hospital funding – Local hospital network data

Western NSW Local Health District, July 2012

This report is issued by the Administrator of the National Health Funding Pool under section 240 of the *National Health Reform Act 2011*.

This report shows the National Health Reform (NHR) payments made by Commonwealth, state and territory governments to the Western NSW Local Health District for July 2012 as part of the *National Health Reform Agreement*.

The Western NSW Local Health District is the local hospital network covering the central western tableland region of NSW. For a list of hospitals and health care providers within this network, see [Western NSW Local Health District hospital and health care providers](#).

Local hospital networks and National Health Reform

A local hospital network (LHN) is an organisation that provides public hospital services in accordance with the *National Health Reform Agreement* (the Agreement). A local hospital network can contain one or more hospitals, and is usually defined as a business group, geographical area or community. Every Australian public hospital is part of a local hospital network.

Note: The term 'local hospital network' is a national term. Some states and territories use their own local terminology to describe these networks, such as local health districts, health organisations, and hospital and health services.

Under the Agreement, local hospital networks receive NHR funding for the following public hospital services:

- All admitted and non-admitted services
- All emergency department services provided by a recognised emergency department
- Other outpatient, mental health, sub-acute services and other services that could reasonably be considered a public hospital service.

Note: Local hospital networks also receive funding from other sources, including the Commonwealth, states and territories, and third parties for the provision of other specific functions and services outside the scope of the Agreement, for example, dental services, primary care, home and community care, residential aged care and pharmaceuticals. For further information on total funding to a particular local hospital network, contact the Department of Health in the relevant state or territory to view the service agreement for that local hospital network.

Report tables

This report includes the following tables:

Table 1 – Commonwealth and New South Wales NHR payments to the Western NSW Local Health District, July 2012

Table 2 – Estimated monthly, YTD and annual NWAU for the Western NSW Local Health District, July 2012

Reference information

The data in this report can be viewed in conjunction with information shown on the *MyHospitals* website (www.myhospitals.gov.au) which provides information on hospitals throughout Australia.

The financial information outlined in the following report represents NHR payments. NHR payments are when NHR funding is deposited into a state pool account or state managed fund and is paid out of the state pool account by the Administrator, or is paid out of state managed fund by the state or territory.

For the basis of NHR payments, see the *Basis for National Health Reform payments* explanation in the New South Wales report for July 2012, see [New South Wales data, July 2012](#).

For the basis of the Commonwealth contribution to NHR funding, see [Basis of Commonwealth funding 2012-13](#).

Table 1 – Commonwealth and New South Wales NHR payments to the Western NSW Local Health District, July 2012

Table 1a – NHR payments, July 2012

This table shows the NHR payments made by the New South Wales Government and the Commonwealth Government to the Western NSW Local Health District by service category and contribution for July 2012.

The data is divided into service category and associated Commonwealth and state or territory contribution for each amount. For further information on total funding to a particular local hospital network, contact the Department of Health in the relevant state or territory to view the service agreement for that local hospital network.

Service category	Total NHR payments (ex GST) (\$)	GST (\$)	Commonwealth NHR payments (ex GST) (\$)	State/territory NHR payments (ex GST) (\$)
Acute admitted - public	13,166,281	0	4,699,662	8,466,620
Acute admitted - private	1,533,198	0	547,270	985,928
Non-admitted	4,306,775	0	1,537,290	2,769,486
Emergency department	3,291,758	0	1,174,982	2,116,775
Total ABF payments (Pool)	22,298,012	0	7,959,204	14,338,809
Mental health	6,924,181	0		
Small rural & metro hospitals	14,663,884	0		
Sub-acute	2,177,557	0		
Teaching, training & research	3,414,219	0		
Other	0	0		
Total Block payments (SMF)	27,179,840	0		
Total NHR payments	49,477,852	0		

See explanatory notes following table 1b.

Table 1b – NHR payments YTD, July 2012

Following on from table 1a, this table shows the year-to-date (YTD) NHR payments made by the New South Wales Government and the Commonwealth Government to the Western NSW Local Health District as at July 2012.

Service category	Total NHR payments YTD (ex GST) (\$)	GST YTD (\$)	Commonwealth NHR payments YTD (ex GST) (\$)	State/territory NHR payments YTD (ex GST) (\$)
Acute admitted - public	13,166,281	0	4,699,662	8,466,620
Acute admitted - private	1,533,198	0	547,270	985,928
Non-admitted	4,306,775	0	1,537,290	2,769,486
Emergency department	3,291,758	0	1,174,982	2,116,775
Total ABF payments (Pool)	22,298,012	0	7,959,204	14,338,809
Mental health	6,924,181	0		
Small rural & metro hospitals	14,663,884	0		
Sub-acute	2,177,557	0		
Teaching, training & research	3,414,219	0		
Other	0	0		
Total Block payments (SMF)	27,179,840	0		
Total NHR payments	49,477,852	0		

Total ABF payments (Pool) represents NHR payments made by the Administrator from the state pool account to the local hospital network (LHN).

Total Block payments (SMF) represents NHR payments made by the state or territory from the state managed fund (SMF) to the local hospital network.

Note: The grey shaded areas in the table above reflect that block payments made to local hospital networks cannot at this stage be identified by source of funding (state, territory or Commonwealth) when paid from state managed funds.

Payments in these tables are GST exclusive. The majority of government funding to local hospital networks is not subject to GST. However in some cases, hospital funding to non-government entities does attract GST, for example, denominational hospitals, privately and commercially owned health facilities, or any other non-government third party provider of health services or related supplies.

For the basis of NHR payments, see the *Basis for National Health Reform payments* explanation in the New South Wales report for July 2012, see [New South Wales data, July 2012](#).

Table 2 – Estimated monthly, YTD and annual NWAU for the Western NSW Local Health District, July 2012

This table shows the estimated activity for activity based funding services expressed as National Weighted Activity Units (NWAU) for July 2012, the associated cumulative year-to-date (YTD) NWAU, and the total estimated annual NWAU for the Western NSW Local Health District.

NHR funding amounts and service volumes are provided by states and territories as service *estimates* at the start of each financial year, and may continue to be refined during the course of the year. These *estimates* form the basis of monthly reporting of service volumes until *actual* service numbers become available.

The estimated annual NWAU for the Western NSW Local Health District was provided to the Administrator as a basis for determining Commonwealth NHR activity based funding. Current month NWAU estimates accumulate through the year-to-date (YTD) NWAU to equal the annual NWAU at the end of the financial year.

Activity based funding (ABF) service category	Estimated NWAU delivered in current month	Estimated NWAU delivered YTD	Estimated annual NWAU 2012-13
Acute admitted - public	3,287	3,287	34,187
Acute admitted - private	383	383	3,981
Non-admitted	1,075	1,075	11,183
Emergency department	822	822	8,547
Total	5,567	5,567	57,898

An NWAU is a measure of health service activity expressed as a common unit. It provides a way of comparing and valuing each public hospital service, whether they are admissions, emergency department presentations or outpatient episodes, by weighting them for their clinical complexity. The average hospital service is worth one NWAU – the most intensive and expensive activities are worth multiple NWAU, the simplest and least expensive are worth fractions of an NWAU.

NHR payments relate to the cash needs of public hospitals and may not be linked to the volume of services delivered in any given month.

For more information on the NWAU explanation and basis, see [National Health Reform Reporting](#).

For the basis of NHR payments, see the *Basis for National Health Reform payments* explanation in the New South Wales report for July 2012, see [New South Wales data, July 2012](#).

Western NSW Local Health District hospitals and health care providers

The Western NSW Local Health District is the local hospital network covering the central western tableland region of NSW. This network is made up of the following hospitals and health care providers:

- Baradine Multi Purpose Service
- Bathurst Hospital
- Blayney Multi Purpose Service
- Bourke Multi Purpose Service
- Brewarrina Multi Purpose Service
- Canowindra Hospital
- Cobar Hospital
- Collarenebri Multi Purpose Service
- Condobolin Hospital
- Coolah Multi Purpose Service
- Coonabarabran Hospital
- Coonamble Multi Purpose Service
- Cowra Hospital
- Cudal Health Service
- Dubbo Hospital
- Eugowra Hospital
- Forbes Hospital
- Gilgandra Multi Purpose Service
- Goodooga Health Service
- Grenfell Multi Purpose Service
- Gulargambone Multi Purpose Service
- Gulgong Health Service
- Lightning Ridge Multi Purpose Service
- Lourdes Hospital – Dubbo
- Molong Hospital
- Mudgee Hospital
- Narromine Hospital
- Nyngan Multi Purpose Service
- Oberon Multi Purpose Service
- Orange Health Service
- Parkes Hospital
- Peak Hill Hospital

- Rylstone Multi Purpose Service
- Tottenham Multi Purpose Service
- Trangie Multi Purpose Service
- Trundle Multi Purpose Health Service
- Tullamore Multi Purpose Health Service
- Walgett Hospital
- Warren Multi Purpose Service
- Wellington Hospital
