¹ Under the *National Health Reform Agreement*, states and territories are required to provide the Administrator with a copy of the annual Service Agreement they enter into with each of their Local Hospital Networks (LHNs), once agreed. The values shown above indicate the number of 2013-14 Service Agreements that have been provided to the Administrator as a proportion of the total number of LHNs. The LHN directory can be viewed at www.publichospitalfunding.gov.au/directory.

² During the quarter, WA Health revised its 2013-14 expected NWAU numbers. A timing difference between WA and the Administrator in processing this revision meant that WA was unable to provide certain data for the October and November monthly reports that were consistent with aggregate Commonwealth payments.
