¹ Under the *National Health Reform Agreement*, states and territories are required to provide the Administrator with a copy of the annual Service Agreement they enter into with each of their LHNs, once agreed. The values shown above indicate the number of 2014-15 Service Agreements that have been provided to the Administrator as a proportion of the total number of LHNs. The LHN directory can be viewed at www.publichospitalfunding.gov.au/directory.

² Victoria advised that the finalisation of LHN Service Agreements has been impacted by the election caretaker period.

³ Tasmanian LHN Service Agreements between the state and Tasmanian Health Organisations do not include activity estimates as required by the *National Health Reform Agreement*. Tasmania has advised this information will be included following passage of the State Budget and the subsequent re-negotiation of 2014-15 Service Agreements.
