¹ Under the *National Health Reform Agreement*, states and territories are required to provide the Administrator with a copy of the annual Service Agreement (or an appropriately authorised schedule) they enter into with each of their LHNs, once agreed. The values shown above indicate the number of 2016-17 Service Agreements that have been provided to the Administrator as a proportion of the total number of LHNs as at the Data Compliance Report issue date. The LHN directory can be viewed at www.publichospitalfunding.gov.au/directory.

² Includes Multi Purpose Services where in place of an individual Service Agreement, detail on deliverables is outlined in the Victorian Department of Health and Human Services Policy and Funding Guidelines, which is published on the Department's website. The Service Agreement count also includes Contracted Service LHN.

³ The Mater Misericordiae Health Service Brisbane 2015-16 Service Agreement was extended to 31 December 2016.

⁴ Victoria has advised it is unable to provide monthly report information by service category as its 2016-17 service agreements with LHNs do not set separate budgets at that level.
